PROFILE

PHP Laravel Developer with 3 years of hands-on experience contributing to business applications through REST API development, CRUD modules, role-based workflows, permissions, pagination, time-log functionality and production bug fixing. Comfortable with Laravel controller-service-model structures, MySQL, Postman, GitHub/GitLab workflows and basic Vue.js integration.

PROFESSIONAL EXPERIENCE

PHP Laravel Developer

Technaitra IT Solutions | Mohali, Punjab | Jan 2023 - Present

- Create and maintain Laravel REST APIs and CRUD modules for business applications.
- Work with controllers, service classes, models, migrations, collections and API resources.
- Implement role-based permissions, pagination, time-log features and application workflows.
- Debug existing functionality, resolve bugs and test API endpoints using Postman.
- Use GitHub and GitLab for daily branching, commits, push, pull and collaborative development.
- Contribute to basic third-party integrations including payment gateways and social login/authentication.
